To the People.

The land has begun to swarm again with retail drummers. A retail shirt drummer was in town last week selling shirts at \$1 50 each by the half dozen. We sell as good a shirt for \$1.00, for one or more.

This shirt is made of Wamsutta Domestic, 2200 linen, and 3-ply all-linen bosom, and warranted to fit. The reason you pay so much cheaper than you bought them of your home merchant some time since. Three years ago this same shirt was sold by us at \$2.50 laundried, and we make the same profit on them now as we did then. You do not realize the shrinkage in values. There has been the same depreciation in - - Clarksville, Tenn. nearly all kinds of goods, especially in ready-made clothing. A friend was braga great bargain in a coat. It was 50 per cent cheaper than the last he bought from us. We showed him a better one for the same money. He did not think of the decline. We want you to recollect that from now henceforth and as long as we sell goods we will always have the bottom prices on all goods we keep. We will sell and buy exclusively for cash, and can and will have bottom prices.
